Dear Sir,

I am in possession of  
an 1804 American Silver Dollar. it was  
found among the effects of an old man  
in my neighborhood recently among some  
other old coins.

It is a genuine specimen of this very  
rare date. And in elegant condition in a better  
state of preservation than the one sold  
recently for \$1000<sup>00</sup>.

It has been in this family no doubt  
40 or 50 years no member of the family knew  
any thing about the numismatic value  
of the coin.

Please let me know if you desire to  
see it with a view to purchasing If so  
let me know at your earliest convenience.

Very Truly Yours
